If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

- 41.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

- 2.3 Any bid received at the County Purchasing and Contracting Department after the exact time for receipt will not be considered and will be rejected as a late bid.

- 2.5 The County's primary means of providing bids and addenda is the County BuyNet Internet website:

- 3.4 The County reserves the right to waive a variation in specification if, in the opinion of the County, such variation does not materially change the item or its performance within parameters acceptable to the County.
- 3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.
- 3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.
- 3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. 4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. All protests shall be in writing, be made prior to Award, and be made only by an offeror. Such protests shall clearly state the ground for the protest and the relief sought. Protests shall be filed with the County's contracting office identified in the solicitation package.

For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: <http://www.co.san-diego.ca.us/cob/policy/index.html>

5. LOCAL BUSINESS PREFERENCE

Responsive bids from responsible local San Diego County businesses shall be given preference for award over bids received from non-local businesses. "Local Business" is defined as a business with a valid license issued by a city within the County, employing San Diego residents, and with a verifiable address within the County, or a business employing San Diego residents and with a verifiable address in an unincorporated area of the county. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsive, responsible bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

The Estimated Quantities in Section "A", Pricing Schedule, are provided solely for evaluation of bids. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

15. AVAILABILITY OF FUNDING

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

16. INSPECTION OF SERVICE/MATERIALS/SUPPLIES

- 16.1. All performance (which includes services, materials, supplies and equipment furnished or utilized in the performance of this contract, and workmanship in the performance of services) shall be subject to inspection and test by the County at all times during the term of the contract. The Contractor shall provide adequate cooperation to any inspector assigned by the County to permit the inspector to determine the Contractor's conformity with these specifications and the adequacy of the services being contractually provided. All inspection by the County shall be made in such a manner as not to unduly interfere with Contractor performance.
- 16.2. If any services performed hereunder are not in conformity with the specifications and requirements of this contract, the County shall have the right to require the Contractor to perform the services in conformity with said specifications and requirements at no additional increase in total contract amount. When the services to be performed are of such nature that the difference cannot be corrected, the County shall have the right to (1) require the Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with requirements of the contract, and (2) reduce the contract price to reflect the reduced value of the services performed. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

17. DUTY TO INQUIRE

Should an Offeror find discrepancies in or omissions from the solicitation, plans, specifications or other documents, or should the Offeror be in doubt as to their meaning, the Offeror shall at once notify the Contracting Officer/Procurement Specialist in writing. If the point in question is not clearly and fully set forth, a written addendum will be issued and posted on the County's web site "BUYNET." It is the Offerors responsibility to periodically check the Web site for such addenda. The County will not be responsible for any oral instructions nor for any written materials provided by any County personnel that are not also posted on the BuyNet web site.

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes". However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

20. ASSIGNABILITY

The Contractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County thereto; provided however, that claims for money due or to become due to the Contractor from the County under this contract may be assigned without such approval. - 25.3. Availability. The materials described above shall be made available at the office of the Contractor, at all reasonable times, for inspection, audit or reproduction, until the expiration of 3 years from the date of final payment under this contract, or by (1) and (2) below:

- 25.3.2. Records which relate to appeals under the "Disputes" clause of this contract, or litigation or the settlement of claims arising out of the performance of this contract, shall be made available until such appeals, litigation, or claims have been disposed of, or three years after contract completion, whichever is longer.

36. DRUG & ALCOHOL FREE WORKPLACE

The County of San Diego, in recognition of individual rights to work in a safe, healthful and productive work place, has adopted a requirement for a drug and alcohol free work place, County of San Diego Drug and Alcohol Use Policy C-25. This policy provides that all County employed Contractors and Contractor employees shall assist in meeting this requirement.

- 36.1. As a material condition of this agreement, the Contractor agrees that the Contractor and the Contractor employees, while performing service for the County, on County property, or while using County equipment:
 - 36.1.1. Shall not be in any way impaired because of being under the influence of alcohol or a drug.
- 36.2. Shall not possess an open container of alcohol or consume alcohol or possess or be under the influence of an illegal drug.
 - 36.2.1. Shall not sell, offer, or provide alcohol or a drug to another person.
 - 36.2.2. Shall not be applicable to a Contractor or Contractor employee who, as part of the performance of normal job duties and responsibilities prescribes or administers medically prescribed drugs.
- 36.3. The Contractor shall inform all employees that are performing service for the County on County property or using County equipment, of the County objective of a safe, healthful and productive work place and the prohibition of drug or alcohol use or impairment from same while performing such service for the County.
- 36.4. The County may Terminate for Default or Breach this Agreement and any other Agreement the Contractor has with the County, if the Contractor, or Contractor employees are determined by the Contracting Officer not to be in compliance with the above.

37. ORDERING

A purchase order for the County requirements will be sent to the successful bidder. The vendor shall complete delivery of items ordered to destinations set forth in the purchase order. Each purchase order shipment shall be accompanied by a priced invoice itemizing all material. Partial shipments are acceptable.

38. PAYMENTS AND INVOICES

Original invoices will be submitted monthly, or at the completion of each phase or task, or at contract completion to the address specified in the purchase order or blanket purchase agreement release.

- 38.1. A copy of the invoice shall be submitted to the Contracting Officer's Technical Representative (COTR).
- 38.2. The invoice must specify items and deliverables for all items described in the "Statement of Work".
- 38.3. Payment shall be Net 30 Days from receipt and approval of invoice unless otherwise stated. Discounts will be calculated from receipt of merchandise or invoice, whichever is later.

39. FLAMMABILITY AND TOXICITY

Materials furnished under this order must meet or exceed minimum California State Fire Marshal's standard for flammability and toxicity for institutional fabrics. Vendor shall provide evidence of California Marshal's test results and approval number.

40. CONTRACT ADMINISTRATION

The Director of Purchasing and Contracting is the designated Contracting Officer and is the only County official authorized to make any changes to this agreement.

The County has designated the following individual as the Contracting Officer's Technical Representative (COTR):
Don Holland, Fleet Coordinator

The COTR will chair contractor progress meetings and will coordinate the County's contract administrative functions. The COTR is designated to receive and approve Contractor invoices for payment, audit and inspect records, inspect Contractor Services, and provide other technical guidance as required. The COTR is not authorized to change any terms and conditions of the Contract. Changes to the scope of work will be made only by the Board of Supervisors and/or the Contracting Officer issuing a properly executed Change Order modification.

41. DAMAGES FOR DELAY AND TIME EXTENSION

- 41.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.
- 41.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:
 - 41.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and
 - 41.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

- 41.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.
- 41.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

42. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

43. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.
